This Report is Actually Pass to Cybercrime Division on January 03 2026

To the Cybercrime Division,

I am writing to formally file a complaint and request an immediate investigation regarding an online fraudulent scheme of which I have been a victim. I intend to pursue full legal action for the recovery of my funds and to hold the perpetrator accountable.

1. Subject of Complaint (The Scammer)

The perpetrator is operating a fraudulent Facebook page under the name **"Shiella Laptop Factory Pampanga."** This entity is actively engaged in identity theft and business impersonation, falsely claiming to represent the legitimate business "Laptop Factory."

2. Statement of Facts

On **[Insert Date]**, I was defrauded of **8,500 PHP**. I obtained these funds through a "Fuse" loan via my GCash account. As an IT student, I allocated these funds specifically to purchase a secondhand laptop essential for completing my thesis. This financial loss has not only resulted in significant debt but has also severely jeopardized my academic progress.

3. Modus Operandi and Ongoing Activity

The scammer remains active on Facebook, continuously targeting new victims. They utilize a revolving set of payment channels to obfuscate their identity, including multiple accounts across **GCash, Maya, Credit Card portals, and InstaPay**.

4. Verification of Fraud

I have personally visited the legitimate "Laptop Factory" physical store in Pampanga. The management officially confirmed that the page "Shiella Laptop Factory Pampanga" is a fraudulent entity with no affiliation to their company. Furthermore, the staff noted that the scammer has reached out to them directly, taunting the business and claiming to be "untraceable" by authorities.

5. Impact Statement

This incident has caused me extreme mental distress and emotional trauma. The financial burden, coupled with the potential delay in my graduation due to the loss of my primary tool for my thesis, has significantly impacted my well-being and academic motivation.

6. Formal Request for Action

I respectfully request that your office:

- Conduct a digital forensic investigation to trace the individuals behind the mentioned Facebook page and linked payment accounts.
- Coordinate with the relevant Financial Technology (FinTech) providers (GCash/Maya) to freeze or identify the account holders.

I have attached screenshots of the transaction, conversation logs, and the fraudulent page for your reference. I am ready to cooperate fully with your investigation.

Respectfully,

Joshua Pasacay Palero
